Quote for Works at	St Mary's Church, Wenvoe	
Quote Reference Number	SMCWQ09	
Issued to	Mr Ray Harris	
Quote Date	17.1.21 - Quote is valid for 6 months from this date	
Detail of Works	<p>1. To decorate the Nave of the Church in Keim Ecosil-ME in White. <> East end of the Nave - Chancel Arch Wall - protect wall memorials, Rood screen, speakers, the Pulpit and the unpainted stonework of the Arch plus any other furnishings in the vicinity. Erect tower scaffold. Scrape off loose paint and wash down the wall. Apply 2 coats of Keim Ecosil. First coat Ecosil Grund and second coat Ecosil-ME in white. Dismantle tower scaffold. <> West end of the Nave - protect any furnishings and the door and archway. Erect tower scaffold. Scrape off loose paint and wash down the wall. Apply 2 coats of Keim Ecosil. First coat Ecosil Grund and second coat Ecosil-ME in white. Dismantle tower scaffold. <> South Wall of the Nave - protect wall memorials, windows and door surrounds. Scrape off loose paint and wash down the wall. Apply 2 coats of Keim Ecosil. First coat Ecosil Grund and second coat Ecosil-ME in white. <> North Wall of the Nave - protect wall memorials and windows. Scrape off loose paint and wash down the wall. Apply 2 coats of Keim Ecosil. First coat Ecosil Grund and second coat Ecosil-ME in white.</p> <p>2.To decorate the ceiling of the Chancel in Keim Ecosil-ME in Blue to match the existing as closely as possible. To refresh the dividing timberwork of the Chancel ceiling and the polished wooden wall plate with suitable woodstain - consultation with the architect will be required. I suggest Sadolin Classic Woodstain or similar Protect the floor and the furnishings of the Chancel. Erect tower scaffold. Scrape off loose paint. Wash down the ceiling and the surrounding woodwork. Apply 3 coats of Keim Ecosil. First coat Ecosil Grund and second and third coats in Ecosil-ME in blue. Two coats of blue required as Ecosil Grund is only available in white and two coats of blue will be required to cover. Refresh the timber frames surrounding the blue ceiling panels and the decorative wall plate. Refresh the ceiling bosses with a coat of gold paint. Consultation with the architect will be required. I suggest Ardenbrite - Sovereign Gold or possibly Gold Leaf.</p> <p>Clear away tower scaffold, materials etc.</p>
